

Small donations, BIG results

This recent National Insurance increases means The Brain Charity needs to pay an additional £35,000 to Inland Revenue between this April and next March.

Small increases like this have a big impact on charities like ours. The good news is, so do small donations.

Help us raise £35,000

to cover our National Insurance increase
by donating as little as £2 a month

Help us bridge the gap & raise £35,000

Donating as little as £2 a month

would help us chip away at the gap created by increased National Insurance contributions. Every single donation, no matter how small, helps us keep our work supporting people with neurological conditions to live longer, healthier, happier lives.
